

MATHS

This week we are revising multiplication and division. We are using The Oak Academy resources. Please follow this link:

<https://www.thenational.academy/online-classroom/year-2/maths#subjects> and scroll down the page until you get to lessons entitled '**Multiplication and Division**' lessons 1-5. *There is a video lesson for every day with activities to complete. All you need is some paper, a pen and your brain!*

You can access **Top Marks**, **Numbots** and **TT Rock Stars** to practise all of your other maths skills.

Follow this link to the Numbots webpage and enjoy some number games:

<https://play.numbots.com/#/account/school-login/23296>

SCIENCE: Living things and their habitats.

This week's focus is butterflies. Now is a great time to watch out for them visiting flowers and plants. Watch this clip to see their lifecycle:

<https://www.bbc.co.uk/teach/class-clips-video/how-caterpillars-change-into-butterflies-no-narration/zn4rkmn>

Go on a butterfly hunt – use the identification sheet below to help you name those you see.

To attract butterflies into your garden having the right plants is important. But you could also have a go at making a butterfly feeding table. Why not make a butterfly painting? See below for instructions on both.

I'd love to see a pictures of any paintings or butterflies you spot. Just send them in via email.

30 Days Wild –is almost over. I hope you have had fun doing some of the daily random acts of wildness! Just because it's July this week doesn't mean you have to stop. Click on the link and you'll find lots more ideas for wild activities to try with your family. <https://www.wildlifetrusts.org/wildness>

My favourite this week was following a bumble bee – it made an amazing noise and visited lots of flowers in my garden. Have a look at the pictures on our school's Facebook page. Please send any pictures of your wild activities you'd like me to share. Have fun!

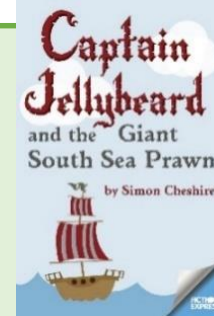

Any problems, please contact me and I'll be happy to help. I hope you are all well. Have a good week. Mrs Jones ☺

READING

On Fiction Express, we are reading 'Captain Jellybeard and the Giant South Sea Prawn'.

It's the final chapter this week – will Captain Jellybeard and his crew find the Giant South Sea Prawn?! Read chapter 5 and then complete the quiz. If there are any tricky words, ask an adult to explain them or look them up in a dictionary.

Remember after you read any books, look on Accelerated Reader to see if there is a quiz you can complete. If you use Lexia remember to log on and complete your minutes this week.

SPELLINGS

there
their
they're
here
hear
see
sea
to
too
two

Practise each day and then have a go at putting them into a sentence. What do you notice about them?

ENGLISH

This week, please complete these activities based on Chapter 5 of Captain Jellybeard and the Giant South Sea Prawn.

1. Imagine you are a member of the crew onboard the Silly Sally. You are writing a letter home to tell everyone about your adventures. Retell the story of Captain Jellybeard and the Giant South Sea prawn as a letter home. Don't forget to describe the different scenes, and the weather conditions. Say how you felt when the adventures were taking place.

2. Describe what the Giant South Sea Prawn looks like. You can use some of the descriptions from the text, but add your own ideas, too, for example what colour it is and how many legs it has.

3. What would you do if someone gave you a chest full of gold? Write about what you would do with all that money.

Butterfly detective

Peacock

Brimstone

Comma

Orange-tip

Green-veined white

Holly blue

Small tortoiseshell

Painted lady

Red admiral

Gatekeeper

Make a butterfly feeding table

wildlife
watch

You will need

- Four metal screw eyes

- 30cm square piece of plywood

- String

- Jam jar lids

- Sugar solution
(sugar dissolved in hot water – use when cool)

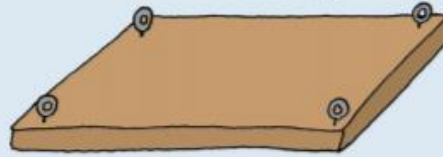

- Coloured card

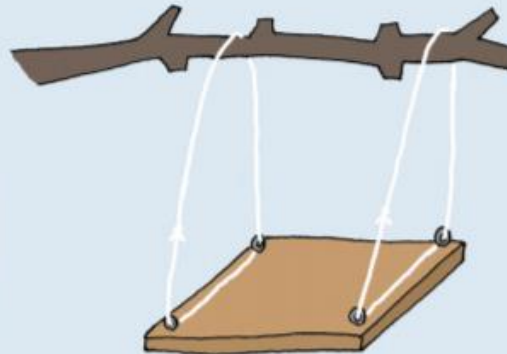

- Scissors

- 1 Screw the metal eyes into the four corners of the plywood.

- 2 Thread a one-metre piece of string through two of the eyes and over a tree branch before securing with a knot. Repeat for the other side of the table.

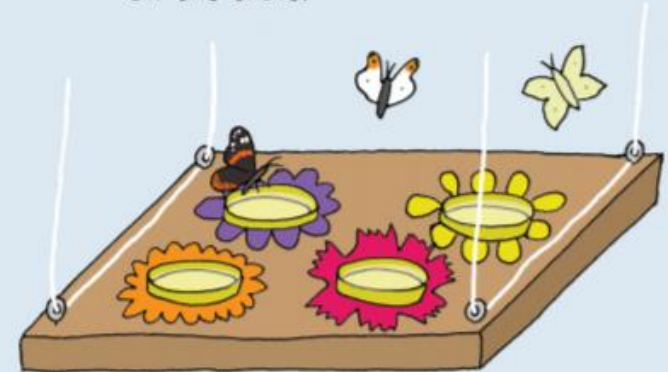

Make sure the table isn't hanging at an angle.

- 3 Pour sugar solution into jam jar lids and carefully place them on the table.

- 4 The butterflies will be attracted by the sugar solution, but try making your table more appealing by cutting flower shapes from coloured card and placing them under the lids on the table.

Do the butterflies prefer different colours or shapes?

Make a butterfly painting

wildlife
watch

You will need

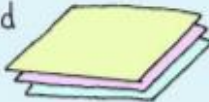

- Water-based paints

- Brushes

- Pastel coloured sugar paper

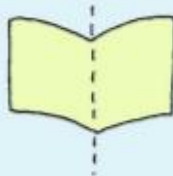

- Marker pen

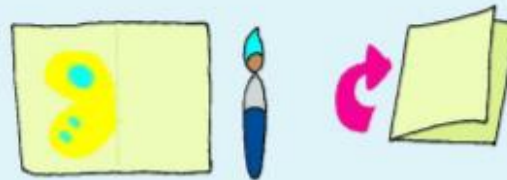

- Plenty of newspaper (to cover tables!)

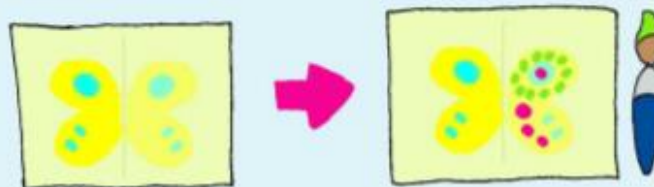

- 1 Fold a piece of sugar paper in half, side to side, and open it out.

- 2 Paint the shape of butterfly wings on one half. Fold the paper over again and press it down.

- 3 Open out the paper and add more colours to one side. Refold and press.

- 4 When the butterfly wings are dry, add a body and antennae with a marker pen.
